The Education Committee presentation was by guest speaker Annie Mills, New York State Apiculturist. She presented the status and benefits of the New York State's Apiary Inspection program. An enthusiastic Q&A session followed and she ventured into several other beekeeping activities.

A Thank You note was sent to Annie, her supervisor Joan Mahoney (past state apiculturist) and New York State Department of Agriculture and Markets Commissioner Richard Ball.

Her presentation cannot be circulated but she has offered her continued support in any apiary matters.

By invitation the President of the Mid-York Beekeepers Association also attended to continue encouraging sharing of beekeeping education and services.
